

### STATEMENT OF SUBSTANCE OF INTERVIEW

Applicant would like to thank Examiner Kardos for conducting a telephonic interview with Applicant's attorney, Don H. Min, on October 26, 2010. The interview was productive and Applicant's attorney appreciated the thorough preparation by the Examiner for the interview.

During the interview, Applicant's attorney proposed claim amendments to the pending independent claims to address the standing §§101 and 103(a) rejections. Applicant's attorney and the Examiner further engaged in discussions regarding the cited references vis-à-vis the independent claims. Although agreement was not reached, Applicant's attorney and the Examiner discussed further clarifying the user input or user selection of the pending independent claims to overcome the cited references. Moreover, the standing §101 rejection was addressed with agreement reached that the proposed language would overcome the standing rejection.

Accordingly, Applicant herein submits the amendments and positions in writing in this Response consistent with the discussions during the interview. Applicant respectfully requests allowance of the claims.
